Why are you interested in serving as an officer on the Coppin State University National Alumni Association (CSUNAA) executive board?

I would be interested in serving as an officer because I am passionate about the university and its mission and I will contribute to its growth. I would like to continue to cultivate a culture of excellence and model what it means to be a product of CSU. I will welcome every alumni back home. I plan to be more notorious about our community involvement, volunteer initiatives, special events, and much more. I will be a servant leader, always looking to the board for guidance and use data to guide our goals and activities.

How can you support the alumni association to further engage alumni?

I will continue well past my term to support and add value to CSUNAA. I will grow enrollment, in turn, scholarships numbers will increase. I will build an army of volunteers and connect them with our communities and host the best events, with your help.

Is there anything else you would like to share that would be beneficial to the alumni association?

As president, I will welcome input from members, as well as others associated with the institution. I will work on antiquated bylaws and practices, updating them for today's grad. Under my leadership, we will move to a renaissance for our alumni. We can achieve greatness

together. What's on your mind, Let's chat! I'm the same Tish that you've always known. Lastly, I will leave the office proudly, for the future alumni who will take the lead continue our legacy!
