Why are you interested in serving as an officer on the Coppin State University National Alumni Association (CSUNAA) executive board?

I would like to serve on the CSUNAA executive board because, I believe what better gift than to give back to an institution where I was able to obtain not one degree but two. I believe that serving as a member of this great board I will be able to engage with fellow Alum and get them to come on board by giving back so that others can have the same opportunity that we had.

How can you support the alumni association to further engage alumni?

I believe that I will be able to support the alumni association to further engage alumni by supporting the board at any events that are held, by continuing to post via social media as I currently do about different events and activities that are held, and the importance of giving

back, and supporting the many endeavors of our HBCU. For we are Coppin proud. I also believe that because I have excellent interpersonal skills it will allow me to build relationships with former students in hopes of them partaking and supporting the mission of the alumni association.

Is there anything else you would like to share that would be beneficial to the alumni association?

The philosophy of Robert Ingersoll states that, we rise by lifting others I really would like to thank you all for giving me the opportunity to be considered for a position on the alumni association board. If elected I look forward to working with my fellow alum so that we can continue the vision and mission of giving life's most precious gift which is our time and upholding the great legacy of the late great Fannie Jackson Coppin. Fly eagles fly.
